- Bachelor of Science

Majors

ARTS MAJORS

You can choose from 12 Arts Majors:

Anthropology

Study history, languages, politics, economics and social systems.
Understand cultural and ethnic difference and analyse how people's

Mathematics

Develop the problem-solving, analytical and quantitative reasoning skills that are highly sought-after by employers worldwide. With small class sizes, you will get the one-on-one support required to excel as a mathematician. You will learn how to formulate mathematical models to illustrate science and engineering

I chose to enrol in a joint degree in Arts and Science at JCU because it gave me the opportunity to be employed in both fields. In the end, I built a career from Earth Science, and the Arts can help broaden my skill set.

Even if you only intend to build a career from one of your degrees, the skills you can learn and experience you can gain from your second degree will be highly transferable and will broaden your horizon and career options.

Rhys Malcolm

BACHELOR OF ARTS - BACHELOR OF SCIENCE

ARTS SCIENCE

JCU is recognised globally for its excellence in research in several programmes, providing students with a chance to become a global leader in their field and are making a difference. Our motto is to provide students with a chance to excel, to go beyond the call of duty and their programme are also embedded in the work in e-learning, making JCU graduates highly sought after in the workforce.

Dr Tasmin Rymer

SENIOR LECTURER, COLLEGE OF SCIENCE AND ENGINEERING

Career Opportunities

Open up a realm of opportunities with this joint degree. You can pursue a career that combines your passion for the Arts with your skills in Science.

JCU Arts-Science graduates find employment in fields such as cultural heritage, environmental management and conservation, policy analysis, research and consultancy in the private sector, Government and Non-Government Organisations.

You can undertake additional study to teach in schools. Alternatively, continue on to postgraduate study and contribute to higher education and research.

Depending on your choices of majors you may be eligible for registration with professional bodies within your chosen fields of study.

JCU Accommodation

Study and live in some of the most interesting places in the world. Cairns and Townsville are on the doorstep of the Great Barrier Reef, magnificent rainforests, the savannah region and Outback Australia.

Living on-campus is a great way to make the most of your time at JCU. JCU Townsville, Bebegu Yumba campus, Douglas, has five different accommodation options housing over 1,300 students. JCU Cairns, Nguma-bada campus, Smithfield, features an accommodation complex for 300 students. Living on-campus is a great place to make new friends and immerse yourself in the JCU culture. All rooms at our on-campus residences are single board, with a single bed, study desk, chair, fan, air-conditioning and Wi-Fi. Each residence is different in regards to style of living, culture and atmosphere. There are options for fully catered or self-catered housing. Find out more at jcu.edu.au/accommodation
