

IRB Standard Operating Procedures		
SOP#: 19 Revision#:	Title: Lapsed Research	Effective Date: October 19, 2021
Approved By:	Institutional Review Board	Approval Date: October 19, 2021

PURPOSE

To define policies and procedures for **Class projects** - any collection and/or analyses of human subjects data that are educational exercise in the context of a specific course.

Generalizable knowledge - information which has the potential to be expanded from the isolated circumstances in which it is acquired to any broader context.

Human subject - a living individual about whom an investigator (whether professional or student) conducting research: (i) Obtains information or biospecimens through intervention or interaction with the individual, and uses, studies, or analyzes the information or biospecimens; or (ii) Obtains, uses, studies, analyzes, or generates identifiable private information.

Identifiable private information - private information for which the identity of the subject is or may readily be ascertained by the investigator or associated with the information.

IRB - an institutional review board established in accord with and for the purposes expressed in the federal regulations for the protection of human research subjects.

Minimal risk - the probability and magnitude of harm or discomfort anticipated in the research are
